

LORI

CALIGULA REVISITED

There's a lot more to her than meets the eye. Lori is a multi-talented actress, writer, producer, and director. She's also a mother of two. In this special issue, we explore her life and work, from her early days in the industry to her current projects. We also feature a behind-the-scenes look at her latest film, "Caligula Revisited".

Sex-line landmark role in *Caligula*, 35-36-37, Loni had appeared on Broadway in Las Vegas, Atlantic City and many other shows—her special role was in "World's At Your Service" (1974)—and on television, including "MTV Music News" and "Dina Shore." She's also been taking her own show, which features songwriting, singing, and dancing, on the road with much success. "I've performed to hundreds of people doing what I love to do," she reports, adding, "I could do this picture myself. I get requests from audiences all the time to be back again in *Paradise*, and I want to show myself in the best possible light."
